BESPOKE FORGED WHEELS

MADE TO ORDER. NEVER OFF THE SHELF.

Designed around the vehicle—not the other way around.

PREPARED FOR _____

BESPOKE EDITION · NO. ____

01 / PROFILE

Who We Are

A NOTE FROM US

We started Foreign Koncept because the cars we cared about kept getting wheels chosen from a catalog, then made to fit. We wanted to do it the other way around. Every set we build starts with one vehicle, one fitment review, and a conversation with the shop or owner behind it. No pre-made blanks, no shortcuts on fitment or load. If a wheel carries our name, we want you proud to put it on your customer's car.

— The Foreign Koncept Team

WHO WE BUILD FOR

CUSTOM BUILDERS

Restomod, exotic, and show builds that need a wheel no catalog carries.

PERFORMANCE SHOPS

A bespoke wheel you can stand behind with your customer.

LUXURY DEALERSHIPS

Distinctive upgrades for high-end inventory and client vehicles.

ENTHUSIASTS

Owners who want their car to look and fit exactly as they imagined.

THIS ISN'T MASS PRODUCTION.

THIS IS BESPOKE CRAFTSMANSHIP.

By the Numbers

Every brand says custom. Here’s what bespoke means at Foreign Koncept.

2025

FOUNDED

Port St. Lucie, Florida. Built from day one around bespoke, made-to-order wheels.

20+

WHEELS BUILT

Each one designed for a specific vehicle. Every set is on Instagram.

15–30″

DIAMETER RANGE

From vintage restomods to lifted trucks and duallys.

1

FITMENT REVIEW PER BUILD

Hub, offset, clearance, tire plan, and load confirmed before forging.

0

PRE-MADE BLANKS

No stock inventory. Every set starts as raw billet.

3 / 1

YEAR WARRANTY

Structural / finish, for the original purchaser.

DESIGNED AROUND THE VEHICLE.

NOT THE OTHER WAY AROUND.

The Lineup

PERFORMANCE & LUXURY

MONOBLOCK

LIGHTWEIGHT FORGED PERFORMANCE

Our purest form: a single forged piece machined into a bespoke design.

CONSTRUCTION	One-piece forged aluminum
SIZES	15" – 26"
BEST FOR	Sports cars, luxury vehicles, exotics
SIGNATURE	Clean face, bespoke spoke design

2-PIECE

FITMENT FLEXIBILITY

A forged center paired with a barrel to dial in width, offset, and lip.

CONSTRUCTION	Forged center + barrel
SIZES	Sized per build
BEST FOR	Widebody and show builds
SIGNATURE	Step or reverse lip options

3-PIECE

THE ULTIMATE EXPRESSION

Separate center, inner, and outer barrel for maximum design freedom.

CONSTRUCTION	Forged center + inner & outer barrels
SIZES	Sized per build
BEST FOR	Show cars, exotics, statement builds
SIGNATURE	Deepest lip and finish combinations

The Lineup

CLASSIC, OVERLAND & HEAVY-DUTY

CLASSIC CHEVY TRUCK · SATIN BRONZE

CLASSIC

TIMELESS STYLING

Period-inspired designs, forged with modern construction and fitment.

CONSTRUCTION	Forged, monoblock or multi-piece
SIZES	Sized per build
BEST FOR	Vintage, muscle, restomod
SIGNATURE	Modern fitment for classic hubs

OVERLAND

FORGED FOR THE TRAIL

Strength-first designs for lifted trucks, Jeeps, and overland rigs.

CONSTRUCTION	Forged, load-validated per application
SIZES	15" – 30"
BEST FOR	Lifted trucks, Jeeps, overland, off-road
SIGNATURE	Tire plan and lift reviewed in fitment

TRUCK & DUALLY

HEAVY-DUTY FORGED STRENGTH

Built for heavy-duty trucks and dually setups that tow and haul.

CONSTRUCTION	Forged, load-validated per application
SIZES	Sized per build
BEST FOR	HD pickups, dually, tow rigs
SIGNATURE	Front and rear dually sets matched

Fitment Engineering

Off-the-shelf wheels are made for a range of cars, then adapted to yours. We start with your vehicle's exact hub, suspension, and tire plan, and design the wheel to fit it—before anything is forged.

WHY IT MATTERS

- ✓ Correct offset and stance, no spacers
- ✓ Hub-centric fit for smooth, vibration-free driving
- ✓ Clearance confirmed before forging
- ✓ Load rating matched to the vehicle

WHAT WE SPECIFY

- Diameter and width, front and rear
- Offset and backspacing
- Bolt pattern and center bore
- Lug seat type and hardware
- Load rating per application

STREET & SHOW

Flush, precise stance that looks right parked and drives right daily.

TRACK

Width and offset chosen for grip, clearance, and suspension travel.

TOW & HAUL

Load-rated for heavy trucks carrying and pulling real weight.

NO SPACERS. NO ADAPTERS. NO COMPROMISES.

Bespoke by Design

Finish, lip, and face profile are chosen for the build—not picked from a preset list.

FINISHES

BRUSHED
Directional grain, raw metal character.

POLISHED
Mirror-bright lips and barrels.

SATIN BRONZE
Low sheen color paired with brushed spokes.

GLOSS BRONZE
Deep metallic color with a wet shine.

TWO-TONE
Painted face with a brushed barrel.

POWDER COAT
Durable color in any shade, matched to your build.

LIPS & FACE PROFILES

STEP LIP
A stepped outer edge that adds visual depth.

REVERSE LIP
Lip angles inward for a deep, dished look.

MILD CONCAVE
Subtle face curve, OEM-plus stance.

DEEP CONCAVE
Aggressive dish, set by width and offset.

ENGINEERED TO THE VEHICLE

- Bespoke diameters
- Bespoke widths
- Vehicle-specific offsets
- Bolt patterns
- Custom center caps
- Lip engraving
- Transparent tinted finishes
- Two-tone combinations
- Lip and barrel finishes

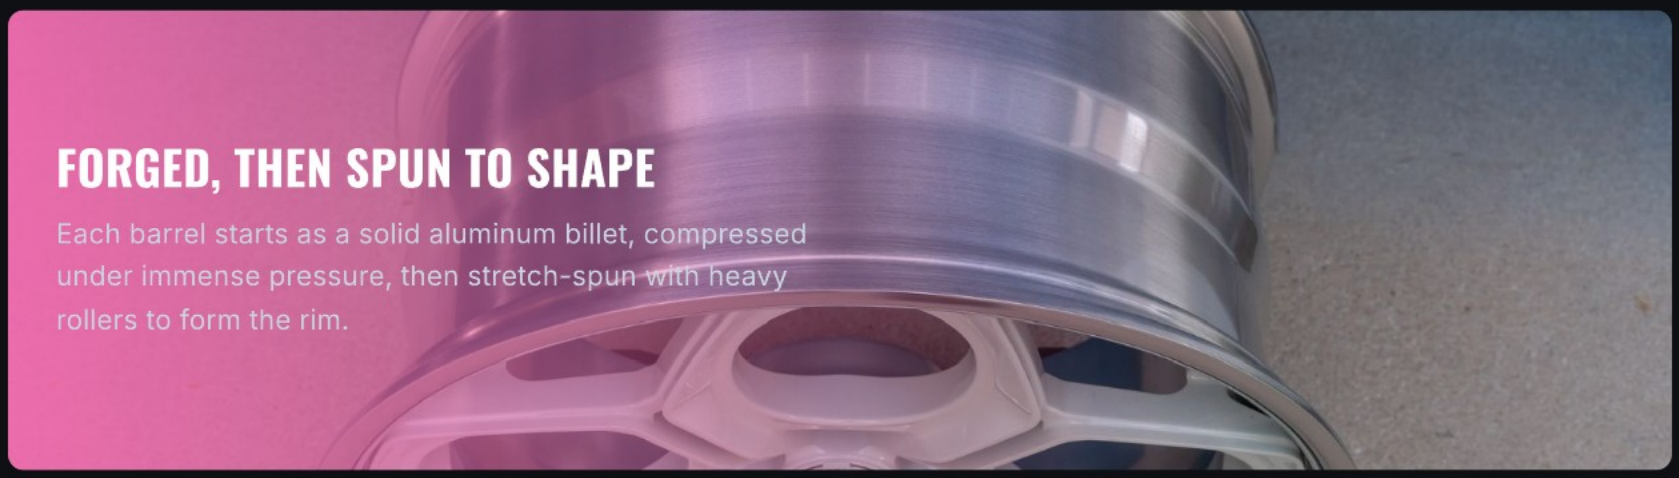

YOUR VISION BECOMES OUR BLUEPRINT.

NO PRE-MADE BLANKS.

EVERY SET STARTS AS RAW BILLET.

From Billet to Your Bay

Every Koncept Forged wheel starts with your vehicle, not a pre-made blank.

FORGED, THEN SPUN TO SHAPE

Each barrel starts as a solid aluminum billet, compressed under immense pressure, then stretch-spun with heavy rollers to form the rim.

01 →
CONSULT
Vehicle, use, and design direction.

02 →
FITMENT REVIEW
Hub, offset, clearance, and load confirmed.

03 →
3D DESIGN
Modeled to the vehicle, approved by you.

04 →
FORGING
Aluminum billet pressed into a forged blank.

05 →
HEAT TREATMENT
Tempered for strength and durability.

06 →
SPIN & MACHINE
Barrel flow-spun with rollers; face and spokes CNC cut.

07 →
FINISHING
Brushed, polished, or coated to spec.

08 ■
INSPECT & DELIVER
Checked, packed, and shipped to your bay.

ORDERING TIMELINE — WHAT TO EXPECT

STAGE	YOU PROVIDE	WE DELIVER
01 CONSULT	Vehicle, intended use, and inspiration photos.	Design direction and the fitment review checklist.
02 FITMENT & QUOTE	Measurements, suspension setup, tire plan.	Confirmed specs and a written quote.
03 DESIGN APPROVAL	Feedback and final sign-off.	3D render of your wheel on the vehicle.
04 PRODUCTION	Nothing. We take it from here.	Forging, heat treatment, machining, finishing, with progress updates.
05 DELIVERY	Install by a qualified technician.	Inspected set, hardware, and install guidance.

Koncept Bespoke: about 10 weeks from design approval. Koncept Collection: lead time confirmed on your quote.

NO PRE-MADE BLANKS. NO STOCK INVENTORY.

Build Spotlights

Every set is built for a specific client and vehicle—down to their own center caps and engraved lips. A few recent builds:

MAYBACH DUALLY
TRUCK & DUALLY

Gloss black, custom cap

FORD F100 RESTOMOD
CLASSIC

Gloss white, polished lip

TOMAHAWK BKFC FIGHTER
SIGNATURE ATHLETE BUILD

Gloss black, red engraved lip

AUDI RS6 AVANT
2-PIECE

Gloss white, polished lip

ELANTRA STREET BUILD
3-PIECE

Hyper silver, polished lip

WRX STI
MONOBLOCK

Black chrome

SHIFT CULTURE SEMA 2JZ BRZ
CLIENT COLLABORATION

Gloss white, engraved lip

TESLA
MAGNESIUM MONOBLOCK

Matte silver, engraved lip

RS5 COMP
MONOBLOCK

Brushed silver

09 / PARTNERS

How We Protect Your Reputation

01

FITMENT CONFIRMED BEFORE MACHINING

No surprises on install day. We sign off every dimension with you first.

PROOF

Fitment review worksheet on every build

02

BUILT TO YOUR VEHICLE, NOT ADAPTED TO IT

Offset, bore, and bolt pattern are cut for one car. No spacers or adapters.

PROOF

Hub-centric, vehicle-specific machining

03

A DIRECT LINE TO THE DESIGN TEAM

No distributor or call center between your shop and the people building it.

PROOF

Your contact stays with you from consult to delivery

DEALER & BUILDER PROGRAM

Two ways to sell Koncept Forged, with one transparent dealer price for every partner. Your pricing lives in your private dealer portal, and every set you sell protects your reputation.

KONCEPT COLLECTION

Our signature designs in set sizes and finishes, on the same terms as our retail partners.

KONCEPT BESPOKE

One-of-one wheels engineered and forged for a single vehicle. Available to dealers only.

- Fitment review on every build
- Direct line to the design team
- Design render in 3 business days
- Build photos and marketing assets

WHAT WE ASK FOR

An active LLC or corporation, 2+ years in business and 3+ wheel sets a month. A live website plus Instagram, Facebook and TikTok. No reselling on eBay, Amazon or other marketplaces. A signed W-9 and resale certificate uploaded in your dealer portal. We verify your state registration.

Every order is paid in full from a card or bank account you keep on file.

Apply at konceptforged.com/pages/dealers

LET'S BUILD EXCEPTIONAL VEHICLES TOGETHER.

How We Compare

Most wheel brands sell what's in the catalog. Koncept Forged wheels are bespoke and made to order—tailored to the vehicle, the stance, and the build.

CRITERIA	FOREIGN KONCEPT	TYPICAL AFTERMARKET BRAND
MANUFACTURING	Made to order, per vehicle, per customer.	Mass-produced in fixed sizes and finishes.
FITMENT	Vehicle-specific offsets, bolt patterns, and bore machining.	Limited stock sizes; adapters or compromises to fit.
DESIGN	Finish, lip, and concavity developed for the build.	A handful of preset finish options.
INVENTORY	Nothing on a shelf. Each set is crafted to order.	Ships from warehouse stock.
RELATIONSHIP	Direct access to the people designing it.	Distributor or call-center layer in between.
WARRANTY	3-year structural / 1-year finish, matching the premium forged standard.	Varies by brand and product tier.
ORDERING	Koncept Collection and Koncept Bespoke at one dealer price.	Volume-based pricing tiers.

THREE QUESTIONS TO ASK ANY WHEEL VENDOR

01
Is this wheel designed for my vehicle, or adapted to fit it?

02
Who checks clearance and load rating before it ships?

03
Who do I call directly if something isn't right?

OFF-THE-SHELF SELLS A WHEEL. WE BUILD A FIT.

Warranty & Care

We stand behind every set we build. Here's what's covered, and how to keep it that way.

3 YR

STRUCTURAL WARRANTY

Covers defects in materials and workmanship of the forged wheel structure.

1 YR

FINISH WARRANTY

Covers defects in the applied finish under normal use and care.

COVERAGE TERMS

- Applies to the original purchaser
- Wheels installed on the vehicle they were built for
- Coverage starts on the date of delivery

NOT COVERED

- Impacts, curbs, accidents and road hazards
- Improper installation, torque or hardware
- Racing, track use and stretched tire fitments

INSTALLATION & CARE

TORQUE TO SPEC

Use a calibrated torque wrench and the vehicle manufacturer's lug torque.

RE-TORQUE

Re-check lug torque after the first 50–100 miles.

CORRECT HARDWARE

Use the lug seat type and hub-centric fit specified for your set.

GENTLE CLEANING

pH-neutral wheel cleaner and soft brushes. No acid-based cleaners.

SHIPPING DAMAGE

REPORT WITHIN 24 HOURS

We ship by FedEx. Inspect every set on delivery. If anything is damaged, note it with FedEx, open a FedEx damage case and send us photos and the case number within 24 hours. Do not mount a damaged wheel. Damage reported after 24 hours is not covered.

Dealers: submit claims through your dealer portal. Owners: email info@foreignkoncepts.com with the order number, photos and installation details. Full terms: konceptforged.com/pages/warranty

Fitment Review Worksheet

Fill this out with us in person or send it with your inquiry. It's the first step of every build.
